Dear Patient,

Welcome to Professional Therapies. We are dedicated to providing quality therapy services to all our patients.

Professional Therapies likes to ensure that patients are aware that they must contact their insurance company regarding any questions they may have on coverage guidelines for therapy care.

With most insurance companies our services would be listed on the policy as a specialist office for outpatient therapy.

There may be limitations that apply on your insurance policy for therapy services. We recommend that you know your policy limitations and benefits. This information will be your responsibility to obtain with your individual health insurance carrier.

Any information we have received from your insurance company regarding your insurance coverage for therapy services is attached. We will be filing your claims monthly with the insurance company you have listed with our front office staff.

If at any time your insurance coverage changes, you must notify our front office staff immediately. You should also be aware that your health plan does not guarantee payment prior to receiving claims.

Thank you for contacting us for your therapy needs. We strive to make your experience with us a positive one with the most beneficial results for your therapy needs.

Sincerely,
Professional Therapies
Insurance Department
